

A photograph of students in school uniforms walking up a staircase. The image is overlaid with a blue semi-transparent shape on the left side containing the logo and title. The overall color scheme is blue-tinted.

# The Student Voice

## Setting up TSV: Two-Stage Authentication

1. You will be provided with a login by The Student Voice team.
2. Login to your dashboard.
3. You will be directed to a page to setup your two-stage authentication.

## Two-stage authentication required

For complete security, your system requires two-stage verification.

We have made it as easy as possible. Please complete these 3 simple steps to access your dashboard.

### Step 1: Download one of the authenticator apps listed below onto your phone.

#### FOR ANDROID

[+ Microsoft Authenticator on Android](#)

[+ Google Authenticator on Android](#)

#### FOR IPHONE

1. The page you will be directed to has all the steps outlined to setup your two-stage.
2. The next few slides are what it will ask you to complete.

# Step 1: Download an authenticator app

1. Go to the app store
2. Download one of the authenticator apps shown here onto your phone.

## Step 2: Setting up the app

1. Open the authenticator
2. Click the + sign at the bottom
3. Select 'Scan a QR code'

4. Click 'ok' to let the app access your camera
5. Scan the QR code

### Step 2: Open the authenticator app and scan the QR code below

1. Scan the QR code on your computer (login page)

2. Your two-stage is synced

3. A code will be ready to log you in every 30 seconds

### Step 3: Once your authenticator app is linked...

1. Select 'enable two-factor authentication' below.
2. Click save settings.
3. You are all set. Now you can go to your DSL dashboard. Each time you login you will be asked for a code, generated by your authenticator app.

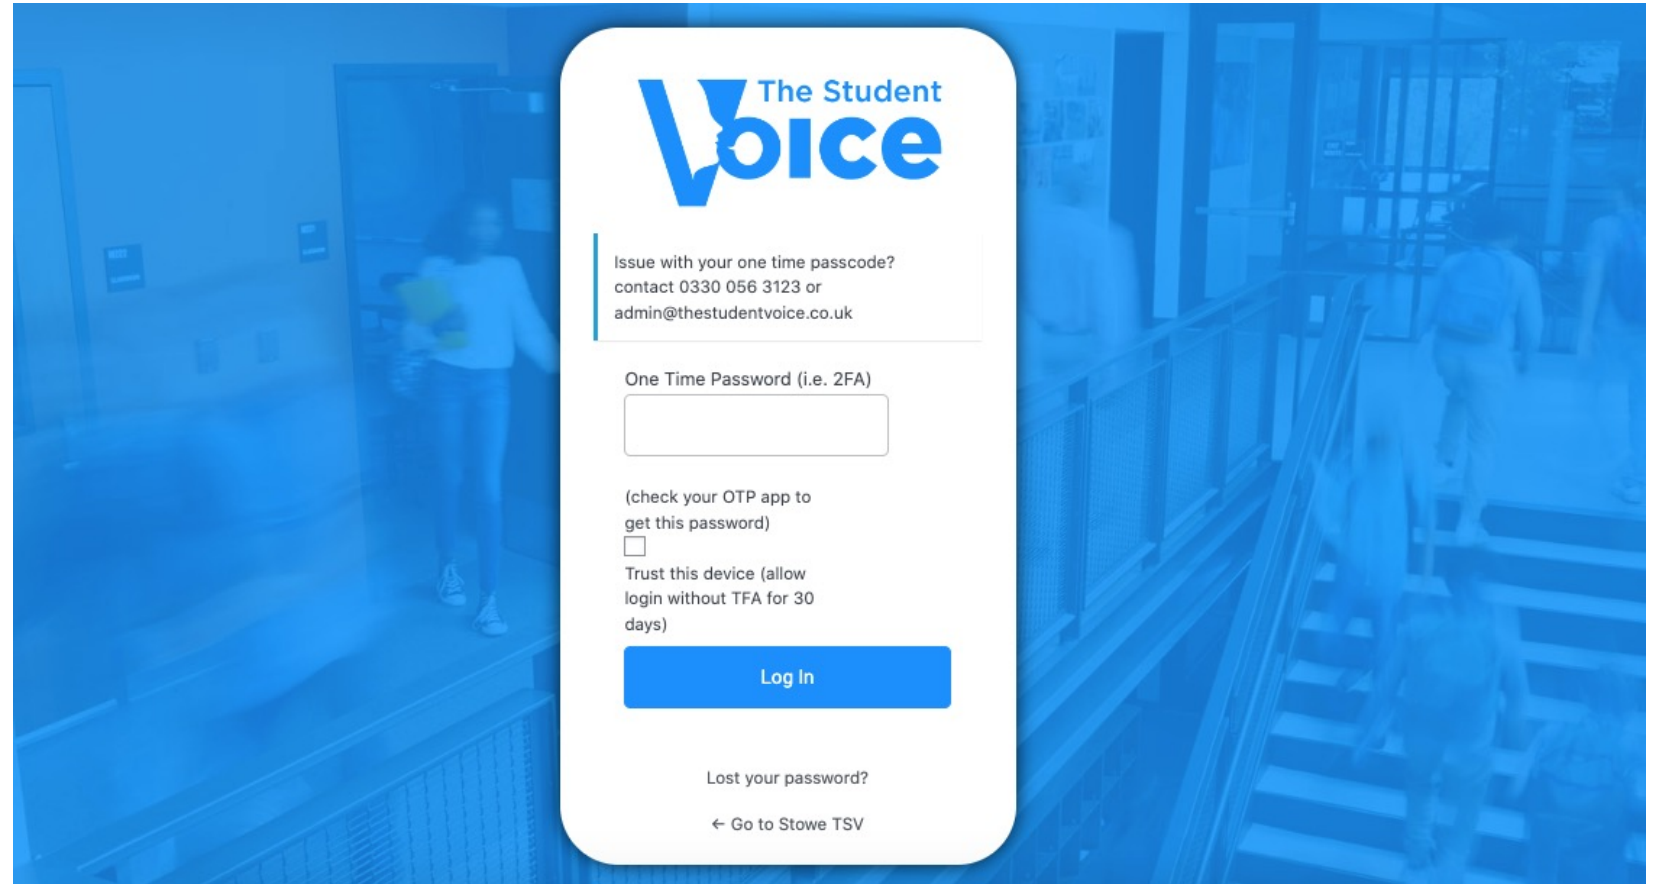

- Enable two-factor authentication (Current code: 646319)  
 Disable two-factor authentication

Save Settings

PROCEED TO DASHBOARD

1. At the bottom of the two-stage setup page: CLICK **ENABLE TWO-FACTOR AUTHENTICATION**
2. Save settings
3. Proceed to dashboard

You are now set up!

1. Now, when you log in you will be asked for a one time passcode
2. Open the app and use the code
